praised for its straightforward and accessible style this text provides a general introduction to the chief elements in middle eastern history allowing readers to proceed into more specialized topics and themes with a solid understanding of the most current scholarship in the field

renowned historian bernard lewis charts the history of the middle east over the last 2 000 years from the birth of christianity through the modern era focusing on the successive transformations that have shaped it drawing on material from a multitude of sources including the work of

archaeologists and scholars lewis chronologically traces the political economical social and cultural development of the middle east from hellenization in antiquity to the impact of westernization on islamic culture meticulously researched this enlightening narrative explores the patterns of history that have repeated themselves in the middle east from the ancient conflicts to the current geographical and religious disputes between the arabs and the israelis lewis examines the ability of this region to unite and solve its problems and asks if in the future these unresolved conflicts will ultimately lead to the ethnic and cultural factionalism that tore apart the former yugoslavia elegantly written scholarly yet accessible this is the most comprehensive single volume history of the region ever written from the world s foremost authority on the middle east

why is the middle east entering a new era is it a new dawn is it a setting sun in the third decade of the twenty first century the middle east is entering a new era a multifaceted and intricate equilibrium will write the next chapter of this region the new era we are entering is fraught with challenges and full of opportunities the new era is both defined by and a result of a combination of ancient and modern domestic regional and international processes iran and turkey each strive to position themselves as the regional superpower in parallel the people of the region struggle to overcome increasing domestic challenges these developments combined with an escalating struggle over path identity and direction could result in a new model of statehood in the arab world while some countries take the turbulent path toward a possible new statehood model others are fighting for their sovereignty and survival all of this is occurring while western hegemony in the middle east is coming to an end and the eastern giants are on the rise acclaimed middle east expert an israeli fluent in arabic english and hebrew avi melamed has a proven exceptional record of foreseeing the evolution of events in the middle east and their impact on a local and regional level in this book melamed takes you on a fascinating eye opening journey through the geopolitical landscape of the middle east in the third decade of the twenty first century he challenges common western concepts narratives and theories and he provides predictions about some of the most central regional issues of the day using primarily sources from the region avi melamed provides a professional rare insider s view and clearly and insightfully contextualizes current regional events inside the middle east entering a new era provides the knowledge and tools to connect the dots this distinct understanding allows the reader to build a multidimensional picture of the geopolitical reality of the middle east today and provides an unparalleled foundation for navigating the events of tomorrow

western civilization began in the middle east judaism and christianity as well as islam were born there for over a millennium the islamic empires were ahead of the west in learning technology and medicine and were militarily far more powerful it took another three hundred centuries for the west to catch up and overtake the middle east why does it seem different now why does osama bin laden see 1918 with the fall of the ottoman empire as the year everything changed these issues are explained in historical detail here in a way that deliberately seeks to go behind the rhetoric to the roots of present conflicts a brief history of the middle east is essential reading for an intelligent reader wanting to understand what one of the world s key regions is all about fully updated with a new section on the iraq invasion of 2003 the question of iran and the full context of the isreali palestine conflict

the middle east in the world offers students a fresh comprehensive multidisciplinary entry point to the broader middle east after a brief introduction to the study of the region the early chapters of the book survey the essentials of middle eastern history important historical narratives and the region s languages religions and global connections students are guided through the material with relevant maps resource boxes and text boxes that support and guide further independent exploration of the topics at hand the second half of the book presents interdisciplinary case studies each of which focuses on a specific country or sub region and a salient issue offering a taste of the cultural distinctiveness of the particular country while also drawing attention to global linkages readers will come away from this book with an understanding of the larger historical political and cultural frameworks that shaped the middle east as we know it today and of current issues that have relevance in the middle east and beyond

this book first published in 1948 grew out of a series of lectures delivered since the war at the middle east centre for arab studies to british students who required a solid grounding in middle east history and politics to assist in fitting them for active careers in the region these lectures by a leading specialist on middle eastern history generated such interest that they were adapted and published in book form for a wider reading public the book forms a comprehensive introduction to the history of the middle east

describes the customs and traditions of the people and their everyday life and traces the history of the area back to ancient times

situated at the crossroads of three continents the middle east has confounded the ambition of conquerors and peacemakers alike christianity judaism and islam all had their genesis in the region but with them came not just civilization and religion but also some of the great struggles of history shifting sands a pocket essential history of the middle east makes sense of the shifting sands of middle eastern history beginning with the early cultures of the area and moving on to the roman and persian empires the growth of christianity the rise of islam the invasions from the east genghis khan s mongol hordes the ottoman turks and the rise of radicalism in the modern world symbolized by the islamic state this updated and expanded new edition describes the turmoil of recent years including the october 7 2023 attack on israel by hamas and the bloody and brutal gaza war that followed

combining elements of comparative politics with a country by country analysis author david s sorenson provides a complete and accessible introduction to the modern middle east with an emphasis on the politics of the region the text also dedicates chapters specifically to the history religions and economies of countries in the persian arabian gulf the eastern mediterranean and north africa in each country chapter a brief political history is followed by discussions of democratization religious politics women s issues civil society economic development privatization and foreign relations in this updated and revised second edition an introduction to the modern middle east includes new material on the arab spring the changes in turkish politics the iranian nuclear issues and the latest efforts to resolve the israeli palestinian dilemma introductory chapters provide an important thematic overview for each of the book s individual country chapters and short vignettes throughout the book offer readers a chance for personal reflection

drawing on various perspectives and analysis the handbook problematizes middle east politics through an interdisciplinary prism seeking a melioristic account of the field thematically organized the chapters address political social and historical questions by showcasing both theoretical and empirical insights all of which are represented in a style that ease readers into sophisticated induction in the middle east it positions the didactic at the centre of inquiry contributions by forty four scholars both veterans and newcomers rethink knowledge frames conceptual categories and fieldwork praxis substantive themes include secularity and religion gender democracy authoritarianism and new borderline politics of the middle east like any field of knowledge the middle east is constituted by texts authors and readers but also by the

cultural spatial and temporal contexts within which diverse intellectual inflections help construct write speak academic meaning knowing and practice by denaturalizing notions of singularity of authorship or scholarship the handbook plants a dialogic interplay animated by multi vocolity multi modality and multi disciplinarity targeting graduate students and young scholars of political and social sciences the handbook is significant for understanding how the middle east is written and re written read and re read epistemology methodology and for how it comes to exist ontology

the history of the middle east is long and complex in the major muslim nations series the term middle east refers to the region encompassing 23 countries algeria bahrain djibouti egypt iran iraq israel jordan kuwait lebanon libya mauritania morocco oman qatar saudi arabia somalia sudan syria tunisia turkey united arab emirates and yemen this book provides an overview of the history of the middle eastern countries along with information about the region s geography central religious beliefs governments and economies of the various states cultural groups and important communities

highly readable and up to date to reflect the vast changes taking place in the region in this up to date painstakingly researched dictionary author dilip hiro brings one of the most tumultuous regions of the world to our fingertips it is easy to read simple to use authoritative and comprehensive if offers a wide range of alphabetically arranged information on topics ranging from current affairs history and politics to religions literature and tourist destinations topics covered include arab spring arab israeli wars biographies christianity and christian sects civil wars country profiles ethnic groups government gulf wars historical places history hostages international agreements and treaties islam and islamic sects judaism and jewish sects languages literary personalities military and military leaders nonconventional and nuclear weapons oil and gas peace process politics regional conflicts religion terrorism tourist destinations united nations and much more this is a must have reference for anyone genuinely interested in understanding more about the history and current events of the middle east

localities countries and regions develop through complex interactions with others this striking volume highlights global interconnectedness seen through the prism of the middle east both global in and global out it delves into the region s scientific artistic economic political religious and

intellectual formations and traces how they have taken shape through a dynamic set of encounters and exchanges written in short and accessible essays by prominent experts on the region global middle east covers topics including god rumi food film fashion music sports science and the flow of people goods and ideas the text explores social and political movements from human rights salafism and cosmopolitanism to radicalism and revolutions using the insights of global studies students will glean new perspectives about the region

general study of the middle east including non arab and arab country covers historical and geographical aspects ethnography sociology religion natural resources industrial development politics and government etc bibliography pp 272 to 277 and maps

the history of middle east is an attempt to make an in depth study of the subject beginning from the evolution of human civilization to the present decade and to highlight the past glory and splendour of egypt and mesopotamia the origin and development of christianity judaism and islam in this sacred place the book extensively deals with the split of middle east into several countries like israel iraq iran saudi arabia egypt jordan syria lebanon kuwait etc after the first world war history of all these countries upto 2004 has been provided in detail with the main emphasis on the recent wars like the arab israel wars attack on kuwait by the iraqi forces under saddam hussain and the anglo american allied forces attacks on iraq to liberate it from the tyranny of sadam hussain in addition the present unstable condition of iraq the alarming terrorists attacks in iraq the ceaseless efforts of u n o in establishing peace and democracy in the region and the world pressure on israel to give palestine to arabs are few other major areas of the present study the book being remarkably informative of both the past and current events in the historical political and international arena would be a good addition to one s collection of books it is particularly recommended to the scholars of history and political science for its comparative and analytical approach to the latest developments in the middle east

as western powers attempt to redraw the map of the region dan smith unravels the history of the middle east addressing the confrontations and instabilities that date from the reign of the ottoman empire to the present day

lust and her outstanding contributors have fully revised the text to take into account the watershed events that have taken place in the middle east since the 2011 uprisings the book also adds important coverage with a new thematic chapter on religion society and politics in the region

which examines the role of both islam and judaism new to this edition every chapter has been thoroughly revised to cover all of the major changes in the region since the uprisings of 2011 the overview section now contains a chapter on religion society and politics in the middle east that examines the role of both islam and judaism expanded coverage of the role of social movements and activism in the chapter actors and public opinion country chapters have been revised to more explicitly address religion society and politics in light of user feedback the thematic chapters have been reordered to fit more naturally with teaching progression preferred by most faculty
